#### Observations of Two Comets.

Cambridge, Mass., March 22.—Comet A and Halley's comet are being watched closely by astronomers, although comet A is hastening away into space, while the other is daily growing in size.

A photograph of comet A was taken at the Yerkes Observatory March 15 and the tail, which swept the western sky late in January, was still apparent, although it had dwindled to 2 degrees in length.

Halley's comet gives great promise

for it has already a tail 1 degree in length, and when it emerges from behind the sun in the latter part of April it is to be a spectacle of grandeur in the morning skies.

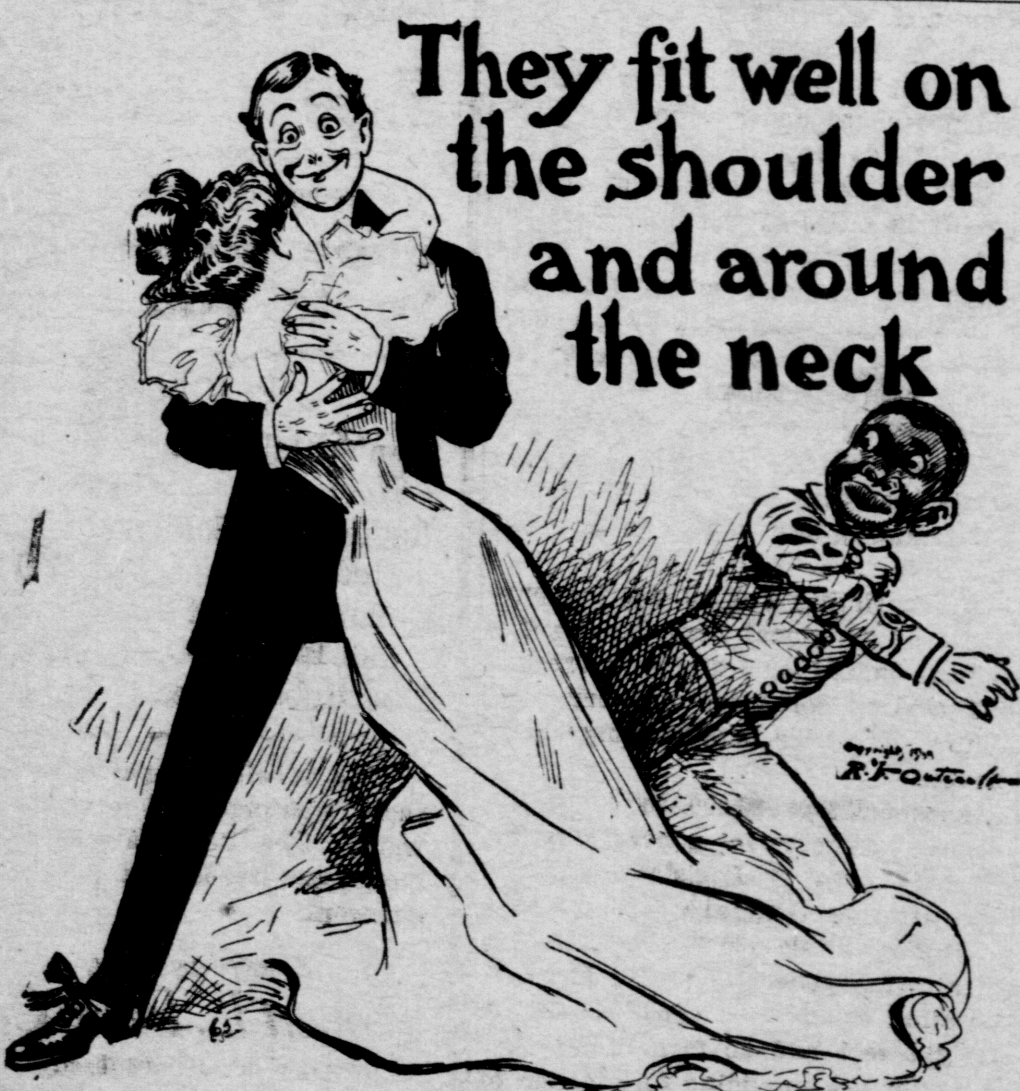

#### Mrs. Walters Dead.

Word has been received announcing the death of Mrs. W. B. Walters, mother of L. T. Walters of Ada, at her home at Garfield, Ark., yesterday morning at 6 o'clock. Mr. Walters has been at Garfield with his mother for several days.

Unidentified:

Ten women, three men, one sup-

posed to be from Dalhart, Tex.; two

girls, one about 5 years, the other

about 16.

Marshalltown, Ia., March 21.—

Forty-seven persons were killed and

forty were injured, many of them fa-

tally, in a wreck four and a half

miles north of Green Mountain, Ia.,

today at 8:16 a. m., on a Chicago,

Rock Island and Pacific train.

The train, which was a consolida-

tion of No. 19 from Chicago and No.

21 from St. Louis bound for Minnea-

polis, Minn., was being detoured over

the tracks of the Chicago Great West-

ern road. Running at about thirty

miles an hour in a cut north of

Green Mountain it struck a spread

rail, it is believed.

The pilot locomotive jumped the

track and with terrific force was

buried in an embankment of soft clay.

A second locomotive, coupled behind

the first, rolled over and the impact

of the sudden stop hurled all the

rear cars forward.

Two Coaches and Pullman Demolish-

ed.

A coach, a smoker and a Pullman

were smashed to splinters, almost all

the occupants being killed or injur-

ed.

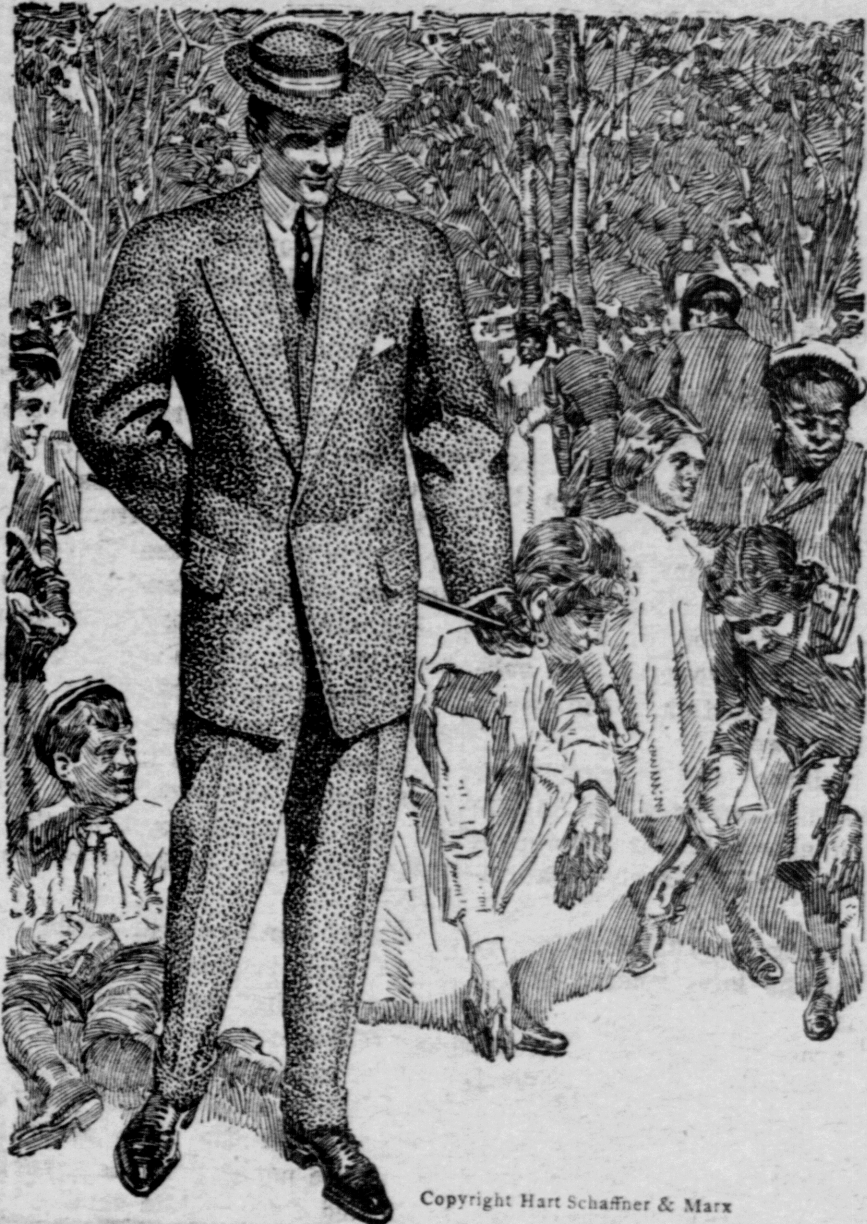

The superstructure of the Pullman

was literally shaved off and was jam-

med like a ramrod through the smoker

and day coach.

NOW IN HIS NEW QUARTERS CORNER MAIN AND BROADWAY, IN ROLLOWS FORMER STORE.

Many passengers were apparently killed outright. Heads were severed from bodies and arms and legs were cut off. The wreckage was almost crimson with blood, some of the bodies being crushed beyond recognition by the mass of twisted rails and splinters impaling them in the wreckage. Decapitated bodies were picked up, and it was almost impossible to correctly assort the dismembered parts.

#### First Attention Given to Injured.

The wreck occurred at a point difficult to reach with relief. Such bodies as could be secured were stretched out in an adjoining pasture. But first attention was given to the wounded. The cries of these, coming in from beneath the cars and from places which were walled in, were pitiable. Fortunately the wreckage did not take fire. The rescue party, being reinforced later on by trains of wreckers, nurses and surgeons sent from the nearest available points, worked all day and until long after dark.

The injured were taken to a hospital, several of them dying on the way. Two of the bodies were not taken out until tonight.

#### Freight Wreck Caused Detour.

An explanation given by the railroad officials was that the train was being detoured on account of a block ade due to a freight wreck at Shellsburg, Iowa. The section from St. Louis, which left St. Louis at 2:15 p. m. Sunday, and the section from Chicago, which left at 4:15 p. m. Sunday, had been consolidated at Cedar Rapids, Iowa.

They were to have been uncoupled and run as separate trains at Waterloo. The St. Louis section is operated by the Rock Island in conjunction with the Chicago, Burlington and Quincy Railroad. Fatalities occurred early in the first three coaches only. The rear coaches all remained on the track.

A little wreck on the Rock Island last night at Shellsburg in which Brakeman Reynolds of Cedar Rapids, was killed and Fireman Herman, also of Cedar Rapids, was probably fatally scalded, was the indirect cause of the Green Mountain tragedy. The Rock Island's track from Cedar Rapids north, the St. Paul line, had not been cleared this morning and it became necessary to betour over the Great Western. Trains Nos. 19 and 21 were sent from Cedar Rapids to Marshalltown, while train 419 for Sioux Falls followed shortly afterwards, and escaped the wreck. At Marshalltown, trains 19 and 21 were coupled together as they came in.

candidates for public office subject to  
the action of the Democratic pri-  
maries occurring August 2nd.  
The Democratic public is assured  
that the names appearing below rep-  
resent Democrats, who are regardful  
of the proper support of the Demo-  
cratic press and respectful toward  
the wishes of the people who desire  
to become well acquainted with the  
name and reputation of the man for  
whom they vote.

### TO PONTOTOC COUN'TY VOTERS.

Custom having prescribed that a  
candidate for office shall make pub-  
lic announcement of his intentions, I  
take this means of briefly acquainting  
the electors of Pontotoc county, with  
the fact, that at the democratic pri-  
mary to be held in August, I will  
submit my name as a candidate for  
the office of county judge. In the  
constitution of the state provisions  
are made for the protection of the  
interests of all the people as oppo-  
sed to any special interest, and for  
the protection of the morals of the  
people and the sanctity of the home.  
The legislature has enacted laws for  
the purpose of carrying out and mak-  
ing effective these provisions.

You may hope to have good govern-  
ment only when the laws are strictly  
and impartially enforced. Should I be  
elected it will be my purpose so to  
enforce all the laws and constitu-  
tional provisions of the state, strict-  
ly and fully, without exception or  
qualification, as to curb and restrain  
the lawless and protect the innocent  
and maintain public peace and de-  
cency.

The legislature has restricted the  
expenditures of a candidate before  
the primary for this office to \$200.00  
and I shall not violate this statute  
of the state by directly or indirect-  
ly spending more than this amount,  
believing as I do that the extrava-  
gant use of money for campaign pur-  
poses has a corrupting influence, no  
one shall be able to say that any  
money was unlawfully used to se-  
cure my nomination.

I expect to make a thorough can-  
vass of the county and legitimately  
present my claim to all the people,  
soliciting the cordial support and co-  
operation of all the people in the  
county who believe in law enforce-  
ment, decency and good morals.  
Should you honor me with your sur-  
frage and by electing me to office, I  
promise to devote by best efforts and  
talents to honoring your confidence  
by a courteous, honest, efficient and  
economical administration of your  
business in this office.

A. M. CROXTON.

## N. E. COUNTY DEMOCRATS ENDORSE WIMBISH AND PIERCE

Several Pontotoc Towns Try to Agree  
on Candidate for County Com-  
missioner—Will Meet in  
Ada Later.

Mr. J. H. Hudson, Allen banker, and other friends of that thriving east side Pontotoc county city, were pleasant callers at the News office today. Mr. Hunter related the occurrence last night at Allen of a mass meeting of democrats composed of more than a hundred delegates and representative democratic citizens from Francis, Allen, Oakman, Black Rock, Conway and Blackburn's Gin precincts, who assembled for the purpose of endorsing and putting out a candidate for county commissioner. This meeting it is stated aroused great interest and was well attended. The Francis opera house being packed. The meeting was unable to agree on a man for county commissioner, said Mr. Hudson, but will assemble again at Ada next week when a candidate will be agreed upon. However, added, Mr. Hunter, "This mass meeting accomplished two harmonious and unanimous actions; it gave a rousing endorsement to the administrations of Mr. Robert Wimbish, county attorney, and Prof. T. F. Pierce, county school superintendent, and pledged their support for re-election."

## THREATENED STRIKE HAS BEEN COMPROMISED

FEDERAL AUTHORITIES USE INFLUENCE.

All questions in Dispute Finally Settled and 27,000 Firemen Satisfied.

Chicago, Ill., March 21.—All questions in dispute between the 27,000 firemen on Western railroads and the railroad managers will be amicably settled, according to an arrangement reached today through the aid of United States Commissioner of Labor Neill. It was agreed by W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, and his committee, representing the men, and the general managers' committee, representing the forty-seven railroads involved to settle the controversy in the following manner:

"The question of seniority or promotion of old-time firemen over new men and the question of representation by the union of firemen who have been promoted to be engineers are to be compromised before an arbitration is attempted.

In the previous negotiations the railroads had agreed to arbitrate the wage question, but had declined to arbitrate the other two points on the ground that they were points of discipline and authority only. It was learned that both sides were brought to an agreement to compromise through the insistence of Commissioner Neill that something had to be done quickly. Mr. Neill informed both sides that mediation had been in progress since last Thursday and that apparently no progress had been made. He declared that unless action was taken within twenty-four hours he would return to Washington. The decision to compromise followed quickly.

### THE GANG SENTENCED.

Council Bluffs, Ia., March 22.—The maximum penalty of two years in the federal penitentiary at Leavenworth and a fine of \$10,000 was meted out to John C. Mabray and nine others by Judge McPherson today. They were convicted Sunday of swindling by fraudulent use of the mails.

The four other defendants received less severe sentences.

## UNCLE JOE ASSAILS ENEMIES IN SPEECH

MAKES 'TALK AT DINNER OF ILLINOIS CLUB.

Says Republicans Have Majority in House No Longer—In a Bad Humor.

Washington, March 22.—With eyes glowing defiance and voice thundering at his enemies with all the day's "pent up" bitterness, Speaker Cannon made a vitriolic attack on the "hybrid house majority" at the annual dinner of the Illinois Republican Association Monday night.

His face was worn from the force of the terrific assault made upon him and his voice lacked its old jauntiness and resonance. He was "Uncle Joe" in fighting trim. A startling statement was made by the power-shorn but defiant Speaker that the republicans no longer have a majority in the house.

"My God," he cried with great solemnity, "suppose this 150 pounds of common clay should drop dead to-night, what would the newspapers and magazines, which make a profession of lying and slandering do? My daughters and grandchildren, my son-in-law, would be sorry. But the balance of the world would not have time to be sorry. There never was a truer word said than 'Let the dead bury its dead.' If that were not true then the world would be one vast house of mourning.

"I know people who think they monopolize the wires from the earth up the great white throne. They don't give the majority of us a chance. They have cure-alls, they think God and one constitute a majority, forgetting that God alone is a majority and can well do without their help.

"We are thankful for Christian morality. Once in a while we find people who have a monopoly of all knowledge and therefore should be indicted and prosecuted under the Sherman anti-trust law. All who disagree with them are anathema.

"Its uncomfortable sometimes to live in a government by the people. There will always be some who are as feeble minded, abnormal, insane, or to use a shorter and more common word, they are cranks. But we've got to have them.

"There was a new majority made today. It consisted of the democrats, a 15 per cent slough from the republican party. They destroyed the committee on rules. Then what did they do? A resolution was presented, declaring the office of the speaker vacant. Then what did these men, who have been denouncing my personality, these simon-pure followers of Cummins and La Follette, do then—only eight of them had the courage of their convictions. The result was that while I was elected Speaker by a majority of twenty-six last March, they refused to turn me out by a majority of thirty-six.

"That was the way this republican slough started in its new alliance."

### KILLED IN LONG FALL.

Joseph Rhamstine, Claim Agent for Southern Railroad.

Louisville, Ky., March 22.—Joseph Rhamstine, 46 years old, claim agent for the Southern Railway, today fell from the ninth floor of the Columbia building to the street below, crashing through an iron grating and dying instantly.

Rhamstine, who suffered from asthma, had climbed the steps to his office on the ninth floor, when it is believed he raised a window for a breath of fresh air, became unbalanced and fell.

### New Railroad Possible.

Comanche, Ok., March 22.—Edgar E. Poe, representative of the Milroy Oil and Gas Company, who with E. A. Bourne has been on a trip in the interests of the proposed Red River Valley and Texas Railway company from Ardmore to Chillicothe, Tex., has returned very enthusiastic over the prospects for securing the road. He reports the commercial organizations of Walters, Loveland, Mercer and Frederick as all being one accord in promoting the road to their different cities. He reports the proposed line as marked out to be from Ardmore west of New Sneed, Oil City, Milroy, Loco, Comanche, Walters, Loveland, Mercer and Frederick, Ok., to Chillicothe, Tex.

### Fined for Hen tSealing.

Two young men, Harry Scott and Fiss Little of near Ahlosso, were fined \$20 and costs each in Justice Brown's court today for petty larceny. They stole two hens from a family near Ahlosso, cooked 'em and ate 'em and enjoyed life. There are four or five more implicated in the theft and will be here this afternoon to plead guilty and pay fines.

## HON. J. J. MCALISTER WRITES DEMOCRACY

ESTEEMED MEMBER OF CORPORATION COMMISSION WHOSE TERM WILL SOON EXPIRE, WILL NOT BE A CANDIDATE FOR RE-ELECTION.

Honest and Capable Old War-horse Recommends the Selection of Newer Blood and One of More Physical Vigor.

Guthrie, Okla., March 17, 1910. To the Democracy of the State of Oklahoma:

I have determined, after a full consideration to decline to offer myself for renomination and election as corporation commissioner for the State of Oklahoma. This year, therefore, will conclude my term of service to the state in that capacity. I feel that I ought to make this public announcement, because there are those more worthy than I, who may desire to stand for the office which I now hold, but will not do so if I am a candidate.

I hereby tender my sincere thanks to all democrats who gave me and have continued to give me their encouragement and support. I have endeavored, conscientiously, to do my duty to the people of this state, and have labored in every way to make the corporation commission not only a success but a blessing to this young commonwealth. The responsibilities of the office of Corporation Commissioner are very great, and, in order to be fully and faithfully met, require most arduous labor and unremitting attention. I feel that newer and younger blood ought to be infused into this great state office, and that those only ought to be selected who have not only the necessary mental, moral and physical vigor, but thorough familiarity with the details and broad scope of the work.

I need not say that in the future, as in the past, my best efforts shall be consecrated to the success of the democratic party, and wherever my service can avail, at any time or place, I am at democracy's command.

Faithfully yours,

J. J. McALESTER.

## 47 KILLED, 46 INJURED IN RAILROAD WRECK

(Continued from Page One.)  
By this arrangement both engines were in front, running backwards. Because there is no table at Reinbeck where the trains expected to strike the main line, the locomotives were backing.  
The ill-fated train consisted of thirteen cars.  
The train left Marshalltown shortly after 8 o'clock. It was going at a speed estimated to be between 25 and 30 miles an hour. About four and a half miles beyond Green Mountain at the top of a hill, is a cut about 12 feet deep. It was in this that the tender on the leading engine suddenly jumped the track. This threw the head locomotive No. 330 into the side of the cut. The clay of the sides was soft and the engine went into it and stopped instantly.

### Coaches Telescoped.

The sudden stoppage dented the second locomotive and heavy train crushed the day coach and smoker upon the Pullman. The smoker and day coach were instantly telescoped and hardly an occupant of either car escaped death or injury.

In the twinkling of an eye all was in indescribable confusion. While the final ten cars of the train remained on the track the shock was sufficient to send the passenger's sprawling from their seats. Conductor William Worst on the St. Paul train was the first to grasp the situation. He dispatched trainmen back to flag train No. 410, while the trainmen were hurried to Gladbrook and Green Mountain.

The uninjured passengers recovered sufficiently to begin the work of removing the dead and injured. The dead were taken to an adjoining pasture and laid out upon the ground. The relief train from Marshalltown, carrying surgeons and Coroner E. W. Jaw, was two hours in arriving and by that time the victims were laid in rows.

### Bodies Badly Mangled.

The sight that met the eyes of the surgeons was beyond all description. The dead were crushed and mutilated, in many cases beyond recognition. Heads were severed from bodies, arms and legs were cut off. Here lay a bleeding trunk. There was a head with a ghastly agony of death still upon the countenance of the unfortunate victim.

A second rescue train arrived after the first train had been brought to Marshalltown.

### Coroner Fatally Injured.

Coroner E. W. Jay, himself a surgeon, was hastening in a Red Cross ambulance to the hospital when he was thrown to the pavement as the ambulance rounded a corner and was rendered unconscious. It is believed his back is broken and that he can not live.

### CURING CATARRH

Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Muc-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Muc-Tone a thorough trial. Use it with regularity and persistence for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store, The Gwin & Mays Co., West Main St.

### Ordinance No. 201.

An Ordinance creating and establishing a sewer district of portions of Sunrise Addition, Donaghey Addition, Normal Heights Addition and Dan Hays Additions to the City of Ada, Oklahoma.

Be it ordained by the Mayor and City Council of the City of Ada, Oklahoma:

Section 1. That a sewer district shall be and is hereby created and established of Blocks J, K, L, M, N, O, P, Q, R, Sunrise addition; Blocks 3 to 11 inclusive Donaghey's Addition; Blocks 4, 9 and 10 and a tract of land beginning 1450 feet East of 1-4 Sec. stone on West line of Sec. 34 T. 4 N. R. 6 E. Thence East 490 feet, thence North 245 feet, thence West 490 feet, thence South 245 feet, to point of beginning, Normal Heights Addition. Also a tract of land beginning 1450 feet East of 1-4 Sec. stone, on West line, Sec. 34 T. 4 N. R. 6 E. thence East 490 feet thence South 1060 feet, thence West 490 feet, thence North 1060 feet to point of beginning, Dan Hays addition, all in the City of Ada, Oklahoma.

Section 2.—That there shall be a district sewer established and constructed within the district described in Section 1 of this Ordinance, in accordance with plans, profiles, estimate, and specifications prepared by the City Engineer, approved by the Mayor and City Council on the 21st day of March, 1910, and now on file in the office of the City Clerk, a copy of which plans, reference is herein expressly made, and such sewer to be built and constructed in said district shall be in strict accordance with the plans, profiles, estimate and specifications, in every detail.

Section 3. That there shall be a tax levied by special assessment against all of the real estate embraced in said district to defray the expense of building and constructing said sewer, as required by law.

Section 4.—That by reason of the unsanitary condition existing from lack of sufficient drains and sewerage in the above described district, the health and safety of the inhabitants of said City are in imminent danger whereof it is deemed necessary for the immediate preservation of the public health, peace and safety of the inhabitants that this Ordinance become operative without delay and an emergency is hereby declared to exist and this Ordinance shall take effect and be in full force from and after its passage, approval and publication, as required by law.

Passed by the Council this the 21st day of March, 1910.  
Approved by the Mayor this the 22nd day of March, 1910.

### WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vasoline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

#### Observations of Two Comets.

Cambridge, Mass., March 22.—Comet A and Halley's comet are being watched closely by astronomers, although comet A is hastening away into space, while the other is daily growing in size.

A photograph of comet A was taken at the Yerkes Observatory March 15 and the tail, which swept the western sky late in January, was still apparent, although it had dwindled to 2 degrees in length.

Halley's comet gives great promise

for it has already a tail 1 degree in length, and when it emerges from behind the sun in the latter part of April it is to be a spectacle of grandeur in the morning skies.

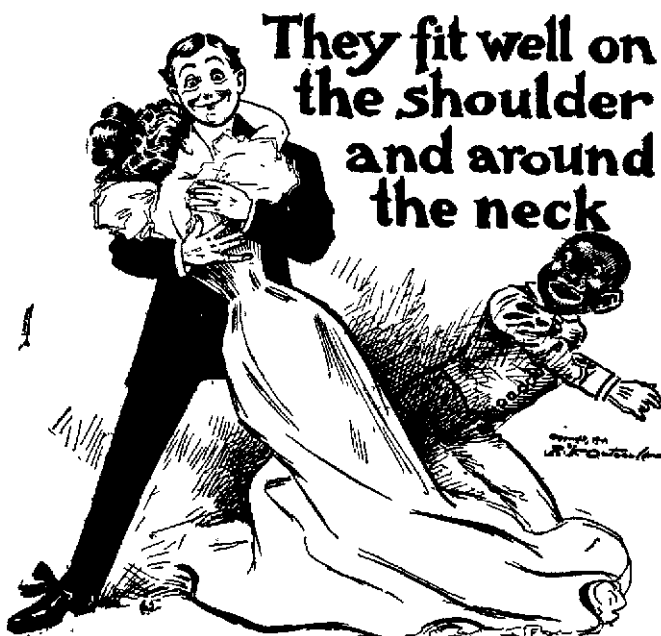

#### Mrs. Walters Dead.

Word has been received announcing the death of Mrs. W. B. Walters, mother of L. T. Walters of Ada, at her home at Garfield, Ark., yesterday morning at 6 o'clock. Mr. Walters has been at Garfield with his mother for several days.

Ten women, three men, one sup-  
posed to be from Dalhart, Tex.; two  
girls, one about 5 years, the other  
about 16.

Marshalltown, Ia., March 21.—  
Forty-seven persons were killed and  
forty were injured, many of them fa-  
tally, in a wreck four and a half  
miles north of Green Mountain, Ia.,  
today at 8:16 a. m., on a Chicago,  
Rock Island and Pacific train.

The train, which was a consolida-  
tion of No. 19 from Chicago and No.  
21 from St. Louis bound for Minne-  
apolis, Minn., was being detoured over  
the tracks of the Chicago Great West-  
ern road. Running at about thirty  
miles an hour in a cut north of  
Green Mountain it struck a spread  
rail, it is believed.

The pilot locomotive jumped the  
track and with terrific force was  
buried in an embankment of soft clay.

A second locomotive, coupled behind  
the first, rolled over and the impact  
of the sudden stop hurled all the  
rear cars forward.

Two Coaches and Pullman Demolish-  
ed.

A coach, a smoker and a Pullman  
were smashed to splinters, almost all  
the occupants being killed or injured.

The superstructure of the Pullman  
was literally shaved off and was jam-  
med like a ramrod through the smoker  
and day coach.

NOW IN HIS NEW QUARTERS CORNER MAIN AND BROADWAY, IN ROLLOWS FORMER STORE.

Many passengers were apparently  
killed outright. Heads were severed  
from bodies and arms and legs were  
cut off. The wreckage was almost  
crimson with blood, some of the bod-  
ies being crushed beyond recogni-  
tion by the mass of twisted rails and  
splinters impaling them in the wreck-  
age. Decapitated bodies were picked  
up, and it was almost impossible to  
correctly assort the dismembered  
parts.

#### First Attention Given to Injured.

The wreck occurred at a point dif-  
ficult to reach with relief. Such bod-  
ies as could be secured were stretch-  
ed out in an adjoining pasture. But  
first attention was given to the wound-  
ed. The cries of these, coming in  
from beneath the cars and from  
places which were walled in, were  
pitiable. Fortunately the wreckage did  
not take fire. The rescue party, be-  
ing reinforced later on by trains of  
wreckers, nurses and surgeons sent  
from the nearest available points,  
worked all day and until long after  
dark.

#### The Injured were taken to a hos- pital, several of them dying on the way.

Two of the bodies were not taken  
out until tonight.

#### Freight Wreck Caused Detour.

An explanation given by the rail-  
road officials was that the train was  
being detoured on account of a block-  
ade due to a freight wreck at Shells-  
burg, Iowa. The section from St.  
Louis, which left St. Louis at 2:15  
p. m. Sunday, and the section from  
Chicago, which left at 4:15 p. m. Sun-  
day, had been consolidated at Cedar  
Rapids, Iowa.

They were to have been uncoupled  
and run as separate trains at Wat-  
erloo. The St. Louis section is op-  
erated by the Rock Island in conjunc-  
tion with the Chicago, Burlington and  
Quincy Railroad. Fatalities occurred  
early in the first three coaches only.  
The rear coaches all remained on the  
track.

A little wreck on the Rock Island  
last night at Shellsburg in which  
Brakeman Reynolds of Cedar Rapids,  
was killed and Fireman Herman, also  
of Cedar Rapids, was probably fatally  
scalded, was the indirect cause of the  
Green Mountain tragedy. The Rock  
Island's track from Cedar Rapids  
north, the St. Paul line, had not been  
cleared this morning and it became  
necessary to betour over the Great  
Western. Trains Nos. 19 and 21  
were sent from Cedar Rapids to  
Marshalltown, while train 419 for  
Sioux Falls followed shortly after-  
wards, and escaped the wreck. At  
Marshalltown, trains 19 and 21 were  
coupled together as they came in.

### TO PONTOTOC COUNTY VOTERS.

Custom having prescribed that a  
candidate for office shall make public  
announcement of his intentions, I  
take this means of briefly acquainting  
the electors of Pontotoc county, with  
the fact, that at the democratic pri-  
mary to be held in August, I will  
submit my name as a candidate for  
the office of county judge. In the  
constitution of the state provisions  
are made for the protection of the  
interests of all the people as opposed  
to any special interest, and for  
the protection of the morals of the  
people and the sanctity of the home.  
The legislature has enacted laws for  
the purpose of carrying out and mak-  
ing effective these provisions.

You may hope to have good govern-  
ment only when the laws are strictly  
and impartially enforced. Should I be  
elected it will be my purpose so to  
enforce all the laws and constitu-  
tional provisions of the state, strictly  
and fully, without exception or  
qualification, as to curb and restrain  
the lawless and protect the innocent  
and maintain public peace and de-  
cency.

The legislature has restricted the  
expenditures of a candidate before  
the primary for this office to \$200.00  
and I shall not violate this statute  
of the state by directly or indirect-  
ly spending more than this amount,  
believing as I do that the extrava-  
gant use of money for campaign pur-  
poses has a corrupting influence, no  
one shall be able to say that any  
money was unlawfully used to se-  
cure my nomination.

I expect to make a thorough can-  
vass of the county and legitimately  
present my claim to all the people,  
soliciting the cordial support and co-  
operation of all the people in the  
county who believe in law enforce-  
ment, decency and good morals.  
Should you honor me with your suf-  
frage and by electing me to office, I  
promise to devote by best efforts and  
talents to honoring your confidence  
by a courteous, honest, efficient and  
economical administration of your  
business in this office.

A. M. CROXTON.

Ada, Okla., March 22, 1910.

## N. E. COUNTY DEMOCRATS ENDORSE WIMBISH AND PIERCE

Several Pontotoc Towns Try to Agree on Candidate for County Commissioner—Will Meet in Ada Later.

Mr. J. H. Hudson, Allen banker, and other friends of that thriving east side Pontotoc county city, were pleasant callers at the News office today. Mr. Hunter related the occurrence last night at Allen of a mass meeting of democrats composed of more than a hundred delegates and representative democratic citizens from Francis, Allen, Oakman, Black Rock, Conway and Blackburn's Gin precincts, who assembled for the purpose of endorsing and putting out a candidate for county commissioner. This meeting it is stated aroused great interest and was well attended. The Francis opera house being packed. The meeting was unable to agree on a man for county commissioner, said Mr. Hudson, but will assemble again at Ada next week when a candidate will be agreed upon. However, added, Mr. Hunter, "This mass meeting accomplished two harmonious and unanimous actions; it gave a rousing endorsement to the administrations of Mr. Robert Wimbish, county attorney, and Prof. T. F. Pierce, county school superintendent, and pledged their support for re-election."

## THREATENED STRIKE HAS BEEN COMPROMISED

FEDERAL AUTHORITIES USE INFLUENCE.

All questions in Dispute Finally Settled and 27,000 Firemen Satisfied.

Chicago, Ill., March 21.—All questions in dispute between the 27,000 firemen on Western railroads and the railroad managers will be amicably settled, according to an arrangement reached today through the aid of United States Commissioner of Labor Neil. It was agreed by W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, and his committee, representing the men, and the general managers' committee, representing the forty-seven railroads involved to settle the controversy in the following manner:

"The question of seniority or promotion of old-time firemen over new men and the question of representation by the union of firemen who have been promoted to be engineers are to be compromised before an arbitration is attempted. In the previous negotiations the railroads had agreed to arbitrate the wage question, but had declined to arbitrate the other two points on the ground that they were points of discipline and authority only. It was learned that both sides were brought to an agreement to compromise through the insistence of Commissioner Neil that something had to be done quickly. Mr. Neil informed both sides that mediation had been in progress since last Thursday and that apparently no progress had been made. He declared that unless action was taken within twenty-four hours he would return to Washington. The decision to compromise followed quickly.

## UNCLE JOE ASSAILS ENEMIES IN SPEECH

MAKES TALK AT DINNER OF ILLINOIS CLUB.

Says Republicans Have Majority in House No Longer—In a Bad Humor.

Washington, March 22.—With eyes glowing defiance and voice thundering at his enemies with all the day's "pent up" bitterness, Speaker Cannon made a vitriolic attack on the "hybrid house majority" at the annual dinner of the Illinois Republican Association Monday night.

His face was worn from the force of the terrific assault made upon him and his voice lacked its old jauntiness and resonance. He was "Uncle Joe" in fighting trim. A startling statement was made by the power-shorn but defiant Speaker that the republicans no longer have a majority in the house.

"My God," he cried with great solemnity, "suppose this 150 pounds of common clay should drop dead tonight, what would the newspapers and magazines, which make a profession of lying and slandering do? My daughters and grandchildren, my son-in-law, would be sorry. But the balance of the world would not have time to be sorry. There never was a truer word said than 'Let the dead bury its dead.' If that were not true then the world would be one vast house of mourning."

"I know people who think they monopolize the wires from the earth up the great white throne. They don't give the majority of us a chance. They have cure-alls, they think God and one constitute a majority, forgetting that God alone is a majority and can well do without their help."

"We are thankful for Christian morality. Once in a while we find people who have a monopoly of all knowledge and therefore should be indicted and prosecuted under the Sherman anti-trust law. All who disagree with them are anathema."

"Its uncomfortable sometimes to live in a government by the people. There will always be some who are as feeble minded, abnormal, insane, or to use a shorter and more common word, they are cranks. But we've got to have them."

"There was a new majority made today. It consisted of the democrats, a 15 per cent slough from the republican party. They destroyed the committee on rules. Then what did they do? A resolution was presented, declaring the office of the speaker vacant. Then what did these men, who have been denouncing my personality, these simon-pure followers of Cummings and La Follette, do then—only eight of them had the courage of their convictions. The result was that while I was elected Speaker by a majority of twenty-six last March, they refused to turn me out by a majority of thirty-six."

## HON. J. J. McALISTER WRITES DEMOCRACY

ESTEEMED MEMBER OF CORPORATION COMMISSION WHOSE TERM WILL SOON EXPIRE, WILL NOT BE A CANDIDATE FOR RE-ELECTION.

Honest and Capable Old War-horse Recommends the Selection of Newer Blood and One of More Physical Vigor.

Guthrie, Okla., March 17, 1910. To the Democracy of the State of Oklahoma:

I have determined, after a full consideration to decline to offer myself for renomination and election as corporation commissioner for the State of Oklahoma. This year, therefore, will conclude my term of service to the state in that capacity. I feel that I ought to make this public announcement, because there are those more worthy than I, who may desire to stand for the office which I now hold, but will not do so if I am a candidate.

I hereby tender my sincere thanks to all democrats who gave me and have continued to give me their encouragement and support. I have endeavored, conscientiously, to do my duty to the people of this state, and have labored in every way to make the corporation commission not only a success but a blessing to this young commonwealth. The responsibilities of the office of Corporation Commissioner are very great, and, in order to be fully and faithfully met, require most arduous labor and unremitting attention. I feel that newer and younger blood ought to be infused into this great state office, and that those only ought to be selected who have not only the necessary mental, moral and physical vigor, but thorough familiarity with the details and broad scope of the work.

I need not say that in the future, as in the past, my best efforts shall be consecrated to the success of the democratic party, and wherever my service can avail, at any time or place, I am at democracy's command.

Faithfully yours,  
J. J. McALESTER.

## 47 KILLED, 46 INJURED IN RAILROAD WRECK

(Continued from Page One)  
By this arrangement both engines were in front, running backwards. Because there is no table at Reinbeck where the trains expected to strike the main line, the locomotives were backing.

The ill-fated train consisted of thirteen cars.  
The train left Marshalltown shortly after 8 o'clock. It was going at a speed estimated to be between 25 and 30 miles an hour. About four and a half miles beyond Green Mountain at the top of a hill is a cut about 12 feet deep. It was in this that the tender, on the leading engine suddenly jumped the track. This threw the head locomotive No. 330 into the side of the cut. The clay of the sides was soft and the engine went into it and stopped instantly.

**Cars Telescoped.**  
The sudden stoppage dented the second locomotive and heavy train crushed the day coach and smoker upon the Pullman. The smoker and day coach were instantly telescoped and hardly an occupant of either car escaped death or injury.

In the twinkling of an eye all was in indescribable confusion. While the final ten cars of the train remained on the track the shock was sufficient to send the passengers sprawling from their seats. Conductor William Worst on the St. Paul train was the first to grasp the situation. He dispatched trainmen back to flag train No. 410 while the trainmen were hurried to Gladbrook and Green Mountain.

The uninjured passengers recovered sufficiently to begin the work of removing the dead and injured. The dead were taken to an adjoining pasture and laid out upon the ground. The relief train from Marshalltown carrying surgeons and Coroner E. W. Jay was two hours in arriving and by that time the victims were laid in rows.

**Bodies Badly Mangled.**  
The sight that met the eyes of the surgeons was beyond all description. The dead were crushed and mutilated in many cases beyond recognition. Heads were severed from bodies, arms and legs were cut off. Here lay a bleeding trunk. There was a head with a ghastly agony of death still upon the countenance of the unfortunate victim.

A second rescue train arrived after the first train had been brought to Marshalltown.

**Coroner Fatally Injured.**  
Coroner E. W. Jay, himself a surgeon, was hastening in a Red Cross ambulance to the hospital when he was thrown to the pavement as the ambulance rounded a corner and was rendered unconscious. It is believed his back is broken and that he can not live.

**CURING CATARRH**  
Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interfolding of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucous-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form to give Rexall Mucous-Tone a thorough trial. Use it with regularity and persistence for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store, The Gwin & Mays Co., West Main St.

**WASHING WITHOUT WATER**

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

#### Observations of Two Comets.

Cambridge, Mass., March 22.—Comet A and Halley's comet are being watched closely by astronomers, although comet A is hastening away into space, while the other is daily growing in size.

A photograph of comet A was taken at the Yerkes Observatory March 15 and the tail, which swept the western sky late in January, was still apparent, although it had dwindled to 2 degrees in length.

Halley's comet gives great promise

for it has already a tail 1 degree in length, and when it emerges from behind the sun in the latter part of April it is to be a spectacle of grandeur in the morning skies.

Unidentified:

Ten women, three men, one supposed to be from Dalhart, Tex.; two girls, one about 5 years, the other about 16.

Marshalltown, Ia., March 21.—

Forty-seven persons were killed and forty were injured, many of them fatally, in a wreck four and a half miles north of Green Mountain, Ia., today at 8:16 a. m., on a Chicago, Rock Island and Pacific train.

The train, which was a consolidation of No. 19 from Chicago and No. 21 from St. Louis bound for Minneapolis, Minn., was being detoured over the tracks of the Chicago Great Western road. Running at about thirty miles an hour in a cut north of Green Mountain it struck a spread rail, it is believed.

The pilot locomotive jumped the track and with terrific force was buried in an embankment of soft clay. A second locomotive, coupled behind the first, rolled over and the impact of the sudden stop hurled all the rear cars forward.

Two Coaches and Pullman Demolished.

A coach, a smoker and a Pullman were smashed to splinters, almost all the occupants being killed or injured.

The superstructure of the Pullman was literally shaved off and was jammed like a ramrod through the smoker and day coach.

Many passengers were apparently killed outright. Heads were severed from bodies and arms and legs were cut off. The wreckage was almost crimson with blood, some of the bodies being crushed beyond recognition by the mass of twisted rails and splinters impaling them in the wreckage. Decapitated bodies were picked up, and it was almost impossible to correctly assort the dismembered parts.

#### First Attention Given to Injured.

The wreck occurred at a point difficult to reach with relief. Such bodies as could be secured were stretched out in an adjoining pasture. But first attention was given to the wounded. The cries of these, coming in from beneath the cars and from places which were walled in, were pitiable. Fortunately the wreckage did not take fire. The rescue party, being reinforced later on by trains of wreckers, nurses and surgeons sent from the nearest available points, worked all day and until long after dark.

The injured were taken to a hospital, several of them dying on the way. Two of the bodies were not taken out until tonight.

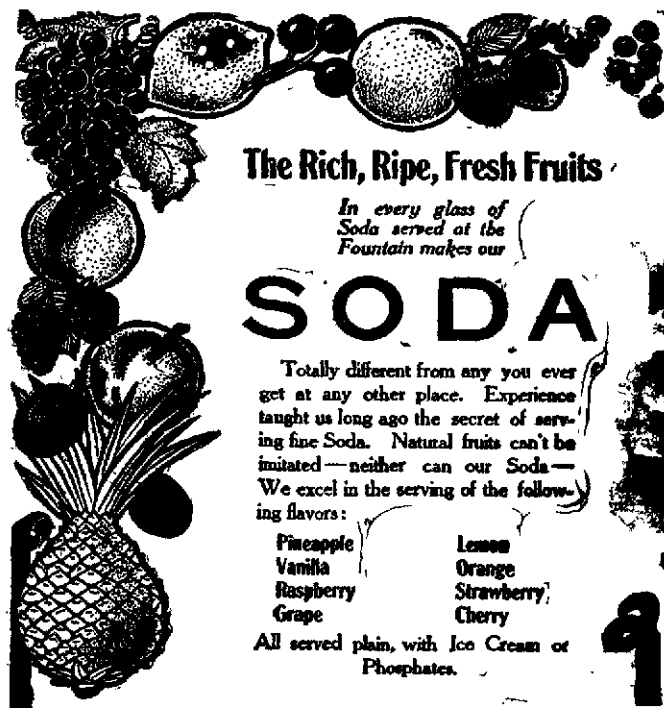

#### Freight Wreck Caused Detour.

An explanation given by the railroad officials was that the train was being detoured on account of a block ade due to a freight wreck at Shellsburg, Iowa. The section from St. Louis, which left St. Louis at 2:15 p. m. Sunday, and the section from Chicago, which left at 4:15 p. m. Sunday, had been consolidated at Cedar Rapids, Iowa.

They were to have been uncoupled and run as separate trains at Waterloo. The St. Louis section is operated by the Rock Island in conjunction with the Chicago, Burlington and Quincy Railroad. Fatalities occurred early in the first three coaches only. The rear coaches all remained on the track.

A little wreck on the Rock Island last night at Shellsburg in which brakeman Reynolds of Cedar Rapids, was killed and fireman Herman, also of Cedar Rapids, was probably fatally scalded, was the indirect cause of the Green Mountain tragedy. The Rock Island's track from Cedar Rapids north, the St. Paul line, had not been cleared this morning and it became necessary to detour over the Great Western. Trains Nos. 19 and 21 were sent from Cedar Rapids to Marshalltown, while train 419 for Sioux Falls followed shortly afterwards, and escaped the wreck. At Marshalltown, trains 19 and 21 were coupled together as they came in.

## N. E. COUNTY DEMOCRATS ENDORSE WIMBISH AND PIERCE

Several Pontotoc Towns Try to Agree on Candidate for County Commissioner—Will Meet in Ada Later.

Mr. J. H. Hudson, Allen banker, and other friends of that thriving east side Pontotoc county city, were pleasant callers at the News office today. Mr. Hunter related the occurrence last night at Allen of a mass meeting of democrats composed of more than a hundred delegates and representative democratic citizens from Francis, Allen, Okman, Black Rock, Conway and Blackburn's Gin precincts, who assembled for the purpose of endorsing and putting out a candidate for county commissioner. This meeting it is stated aroused great interest and was well attended. The Francis opera house being packed. The meeting was unable to agree on a man for county commissioner, said Mr. Hudson, but will assemble again at Ada next week when a candidate will be agreed upon. However, added Mr. Hunter, "This mass meeting accomplished two harmonious and unanimous actions; it gave a rousing endorsement to the administrations of Mr. Robert Wimblish, county attorney, and Prof. T. E. Pierce, county school superintendent, and pledged their support for re-election."

## THREATENED STRIKE HAS BEEN COMPROMISED

FEDERAL AUTHORITIES USE INFLUENCE.

All questions in Dispute Finally Settled and 27,000 Firemen Satisfied.

Chicago, Ill., March 21.—All questions in dispute between the 27,000 firemen on Western railroads and the railroad managers will be amicably settled, according to an arrangement reached today through the aid of United States Commissioner of Labor Neill. It was agreed by W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engine-men, and his committee, representing the men, and the general managers' committee, representing the forty-seven railroads involved to settle the controversy in the following manner:

"The question of seniority or promotion of old-time firemen over new men and the question of representation by the union of firemen who have been promoted to be engineers are to be compromised before an arbitration is attempted. In the previous negotiations the railroads had agreed to arbitrate the wage question, but had declined to arbitrate the other two points on the ground that they were points of discipline and authority only. It was learned that both sides were brought to an agreement to compromise through the insistence of Commissioner Neill that something had to be done quickly. Mr. Neill informed both sides that mediation had been in progress since last Thursday and that apparently no progress had been made. He declared that unless action was taken within twenty-four hours he would return to Washington. The decision to compromise followed quickly.

"There was a new majority made today. It consisted of the democrats, a 15 per cent slough from the republican party. They destroyed the committee on rules. Then what did they do? A resolution was presented, declaring the office of the speaker vacant. Then what did these men, who have been denouncing my personality, these simon-pure followers of Cummins and La Follette, do then—only eight of them had the courage of their convictions. The result was that while I was elected Speaker by a majority of twenty-six last March, they refused to turn me out by a majority of thirty-six.

"That was the way this republican slough started in its new alliance."

## UNCLE JOE ASSAILS ENEMIES IN SPEECH

MAKES TALK AT DINNER OF ILLINOIS CLUB.

Says Republicans Have Majority in House No Longer—in a Bad Humor.

Washington, March 22.—With eyes glowing defiance and voice thundering at his enemies with all the day's "pent up" bitterness, Speaker Cannon made a vitriolic attack on the "hybrid house majority" at the annual dinner of the Illinois Republican Association Monday night.

His face was worn from the force of the terrific assault made upon him and his voice lacked its old jauntiness and resonance. He was "Uncle Joe" in fighting trim. A startling statement was made by the power-shorn but defiant Speaker that the republicans no longer have a majority in the house.

"My God," he cried with great solemnity, "suppose this 150 pounds of common clay should drop dead tonight, what would the newspapers and magazines, which make a profession of lying and slandering do? My daughters and grandchildren, my son-in-law, would be sorry. But the balance of the world would not have time to be sorry. There never was a truer word said than 'Let the dead bury its dead.' If that were not true then the world would be one vast house of mourning.

"I know people who think they monopolize the wires from the earth up the great white throne. They don't give the majority of us a chance. They have cure-alls, they think God and one constitute a majority, forgetting that God alone is a majority and can well do without their help.

"We are thankful for Christian morality. Once in a while we find people who have a monopoly of all knowledge and therefore should be indicted and prosecuted under the Sherman anti-trust law. All who disagree with them are anathema.

"Its uncomfortable sometimes to live in a government by the people. There will always be some who are as feeble minded, abnormal, insane, or to use a shorter and more common word, they are cranks. But we've got to have them.

"There was a new majority made today. It consisted of the democrats, a 15 per cent slough from the republican party. They destroyed the committee on rules. Then what did they do? A resolution was presented, declaring the office of the speaker vacant. Then what did these men, who have been denouncing my personality, these simon-pure followers of Cummins and La Follette, do then—only eight of them had the courage of their convictions. The result was that while I was elected Speaker by a majority of twenty-six last March, they refused to turn me out by a majority of thirty-six.

"That was the way this republican slough started in its new alliance."

### KILLED IN LONG FALL.

Joseph Rhamstine, Claim Agent for Southern Railroad.

Louisville, Ky., March 22.—Joseph Rhamstine, 46 years old, claim agent for the Southern Railway, today fell from the ninth floor of the Columbia building to the street below, crashing through an iron grating and dying instantly.

Rhamstine, who suffered from asthma, had climbed the steps to his office on the ninth floor, when it is believed he raised a window for a breath of fresh air, became unbalanced and fell.

### New Railroad Possible.

Comanche, Ok., March 22.—Edgar E. Poe, representative of the Milroy Oil and Gas Company, who with E. A. Bourne has been on a trip in the interests of the proposed Red River Valley and Texas Railway company from Ardmore to Chillicothe, Tex., has returned very enthusiastic over the prospects for securing the road. He reports the commercial organizations of Walters, Loveland, Mercer and Frederick as all being one accord in promoting the road to their different cities. He reports the proposed line as marked out to be from Ardmore west of New Sneed, Oil City, Milroy, Loco, Comanche, Walters, Loveland, Mercer and Frederick, Ok., to Chillicothe, Tex.

### Fined for Hen Stealing.

Two young men, Harry Scott and Fiss Little of near Ahlosso, were fined \$20 and costs each in Justice Brown's court today for petty larceny. They stole two hens from a family near Ahlosso, cooked 'em and ate 'em and enjoyed life. There are four or five more implicated in the theft and will be here this afternoon to plead guilty and pay fines.

## HON. J. J. MCALISTER WRITES DEMOCRACY

ESTEEMED MEMBER OF CORPORATION COMMISSION WHOSE TERM WILL SOON EXPIRE, WILL NOT BE A CANDIDATE FOR RE-ELECTION.

Honest and Capable Old War-horse Recommends the Selection of Newer Blood and One of More Physical Vigor.

Guthrie, Okla., March 17, 1910. To the Democracy of the State of Oklahoma:

I have determined, after a full consideration to decline to offer myself for renomination and election as corporation commissioner for the State of Oklahoma. This year, therefore, will conclude my term of service to the state in that capacity. I feel that I ought to make this public announcement, because there are those more worthy than I, who may desire to stand for the office which I now hold, but will not do so if I am a candidate.

I hereby tender my sincere thanks to all democrats who gave me and have continued to give me their encouragement and support. I have endeavored, conscientiously, to do my duty to the people of this state, and have labored in every way to make the corporation commission not only a success but a blessing to this young commonwealth. The responsibilities of the office of Corporation Commissioner are very great, and, in order to be fully and faithfully met, require most arduous labor and unremitting attention. I feel that newer and younger blood ought to be infused into this great state office, and that those only ought to be selected who have not only the necessary mental, moral and physical vigor, but thorough familiarity with the details and broad scope of the work.

I need not say that in the future, as in the past, my best efforts shall be consecrated to the success of the democratic party, and wherever my service can avail, at any time or place, I am at democracy's command.

Faithfully yours,

J. J. MCALISTER.

## 47 KILLED, 46 INJURED IN RAILROAD WRECK

(Continued from Page One)  
By this arrangement both engines were in front, running backwards. Because there is no table at Reinbeck where the trains expected to strike the main line, the locomotives were backing.  
The inflated train consisted of thirteen cars.  
The train left Marshalltown shortly after 8 o'clock. It was going at a speed estimated to be between 25 and 30 miles an hour. About four and a half miles beyond Green Mountain at the top of a hill is a cut about 12 feet deep. It was in this that the tender, on the leading engine suddenly jumped the track. This threw the head locomotive No. 330 into the side of the cut. The clay of the sides was soft and the engine went into it and stopped instantly.

**Coaches Telescoped.**  
The sudden stoppage dented the second locomotive and heavy train crushed the day coach and smoker upon the Pullman. The smoker and day coach were instantly telescoped and hardly an occupant of either car escaped death or injury.

In the twinkling of an eye all was to indescribable confusion. While the final ten cars of the train remained on the track the shock was sufficient to send the passengers sprawling from their seats. Conductor William Worst on the St. Paul train was the first to grasp the situation. He dispatched trainmen back to flag train No. 410 while the trainmen were hurried to Gladbrook and Green Mountain.

The uninjured passengers recovered sufficiently to begin the work of removing the dead and injured. The dead were taken to an adjoining pasture and laid out upon the ground. The relief team from Marshalltown carrying surgeons and Coroner E. W. Jaw was two hours in arriving and by that time the victims were laid in rows.

**Bodies Badly Mangled.**  
The sight that met the eyes of the surgeons was beyond all description. The dead were crushed and mutilated in many cases beyond recognition. Heads were severed from bodies, arms and legs were cut off. Here lay a bleeding trunk. There was a head with a ghastly agony of death still upon the countenance of the unfortunate victim.

A second rescue train arrived after the first train had been brought to Marshalltown.

**Coroner Fatally Injured.**  
Coroner E. W. Jaw, himself a surgeon, was hastening in a Red Cross ambulance to the hospital when he was thrown to the pavement as the ambulance rounded a corner and was rendered unconscious. It is believed his back is broken and that he can not live.

**CURING CATARRH**  
Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted, ceases to perform its proper function as nature intended it should. The result is complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Muc-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form to give Rexall Muc-Tone a thorough trial. Use it with regularity and persistence for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store, The Gwin & Mays Co., West Main St.

Published March 22, 1910  
Ordinance No. 201.

An Ordinance creating and establishing a sewer district of portions of Sunrise Addition, Donaghey Addition, Normal Heights Addition and Dan Hays Additions to the City of Ada, Oklahoma.

Be it ordained by the Mayor and City Council of the City of Ada, Oklahoma:

Section 1 That a sewer district shall be and is hereby created and established of Blocks J, K, L, M, N, O, P, Q, R, Sunrise Addition, Blocks 3 to 11 inclusive, Donaghey's Addition, Blocks 4, 9 and 10 and a tract of land beginning 1450 feet East of 1-4 Sec. stone on West line of Sec. 34 T. 4 N. R. 6 E. Thence East 490 feet thence North 245 feet thence West 490 feet, thence South 245 feet to point of beginning, Normal Heights Addition. Also a tract of land beginning 1450 feet East of 1-4 Sec. stone on West line, Sec. 34 T. 4 N. R. 6 E. thence East 490 feet thence South 1060 feet thence West 490 feet thence North 1060 feet to point of beginning, Dan Hays Addition, all in the City of Ada, Oklahoma.

Section 2 That there shall be a district sewer established and constructed within the district described in Section 1 of this Ordinance in accordance with plans, profiles, estimate and specifications prepared by the City Engineer approved by the Mayor and City Council on the 21st day of March 1910 and now on file in the office of the City Clerk a copy of which plans reference is herein expressly made and such sewer to be built and constructed in said district shall be in strict accordance with the plans, profiles, estimate and specifications, in every detail.

Section 3 That there shall be a tax levied by special assessment against all of the real estate embraced in said district to defray the expense of building and constructing said sewer as required by law.

Section 4 That by reason of the unsanitary condition existing from lack of sufficient drains and sewerage in the above described district the health and safety of the inhabitants of said City are in imminent danger whereof it is deemed necessary for the immediate preservation of the public health, peace and safety of the inhabitants that this Ordinance become operative without delay and an emergency is hereby declared to exist and this Ordinance shall take effect and be in full force from and after its passage, approval and publication as required by law.

Passed by the Council this 21st day of March, 1910.

Approved by the Mayor this 22nd day of March, 1910.

**WASHING WITHOUT WATER**

Is Like Trying to Get Rid of Dandruff Without Herpicide.  
Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?  
It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called hair growers.

Newbros Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured and sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
